

Eric Kellogg, PMP

Kansas City, Missouri | (402) 278-0309 | ekellogg90@gmail.com

Education

Boot Camp - Full Stack Development | Sept 2024 | Kansas University

Bachelor of Science – Supply Chain Management | Dec 2013 | University of Nebraska-Lincoln

Experience

Cerner / Oracle-Cerner:

- **Scrum Master II – Reporting & Analytics | Dec 2018 – October 2023**
 - Responsible for managing the creation of all internal reporting at Cerner, including highly used reports on engineering Development Execution, Product Sales, and Agile Team organization
 - Discovered and lead data driven process improvement efforts
 - Defined and created SLAs for our team to measure ourselves against and created a dashboard to monitor our status in real time
 - Cut my team's time in meetings by 50% by encouraging asynchronous communication, which in turn increased their productivity by 25% and set them up well for working in a virtual world
 - Grew a team culture focused on autonomy, mastery, and purpose
- **Scrum Master – HealtheAnalytics | Sep 2017 – Dec 2018**
 - Managed the design, creation, and implementation of several multimillion dollar Client facing projects, including:
 - An application that provides a user-friendly interface for Clients to analyze and spot actionable trends within their data
 - An application that allows hospital staff to see each department's bed capacity in real time
 - An application that allows hospital staff to understand the true cost of any procedure across all departments impacted
- **Senior Business Analyst – HealtheAnalytics | Sep 2015 – Sep 2017**
 - Responsibilities shared with the above role
- **Business Analyst – HealtheAnalytics | Mar 2014 – Sep 2015**
 - Responsibilities shared with the above role
